Description

Anthony Millard Consulting is a leading independent search recruitment consultancy, specializing in senior leadership appointments in education, as well as providing strategic advice to schools, businesses and other organizations worldwide.

Senior Appointments:

AMC has successfully recruited Directors, Principals, Heads, Bursars, Governors as well as other leadership posts for schools in the UK and throughout the world, many of them BSME members. We are highly experienced in helping schools at every stage of the recruitment process, drawing on our extensive database and networks.

Bespoke Consultancy:

We are expert in strategic planning, not knowing all the answers but in knowing which questions must be asked and in what order! We advise on governance, strategy reviews, market positioning, mergers and acquisitions, and the establishment of new schools. We can also advise on the review and updating of policies and procedures, provide leadership coaching and mentoring and advise on marketing and development. Our associates can also help prepare for inspection.

AMC Families: we provide bespoke advice on school choice and university admissions; facilitate private tutoring; and guide arrangements for guardianship.
