Description

We are the leading provider of inspections for British Schools Overseas, as well as providing consultancy, training, monitoring and review services, overseas and in the UK. We recently started offering coaching and mentoring services for headteachers and senior staff. Known for our bespoke approach which ensures the best fit to a school's needs, we are proud to provide the highest quality service, with the personal touch. Governor

training, special educational needs, middle manager training, assessment for learning and the management of pastoral care are popular topics. We have two permanent offices in the Middle East, and have been the BSME development partner since 2008.
