Description
-------------

TieCare has been providing insurance and financial services to international schools for more than 30 years. TieCare provides health insurance policies especially designed for the school clients needs. Group plans for schools include membership in The International Educator, an on-line news and information service for international educators.

TieCare also offers group and individual life insurance; short- and long-term disability coverage; student insurance; travel insurance per trip or per year; war and terrorism coverage; and a full range of investment products tailored appropriately for the nationality of the investor (home purchase, college funding for children, retirement). TieCare International - The International Educators Division of GBG Insurance Ltd.
