Comments/Description

Ajman Academy, an IB World School, offers a high-quality international programme to Emirati and expatriate children in the region and boasts a demographic of 625 students from over 47 different nationalities.

Ajman Academy was developed with a vision of providing a 21st Century educational platform. It offers a complete wifi experience with a 1:1 iPad programme, wireless configuration of shared learning with real-time commentary. With an IT-enabled 'state of the art' building, the school is quickly becoming a leader for IT integrated learning in the Emirates and beyond. It offers a unique Arabic programme with three streams of Arabic alongside a burgeoning Spanish programme.

Ajman Academy is dedicated to empowering its students to become lifelong learners in an ever-increasing digital and global environment. Ajman Academy helps each student realise his or her academic potential, while fostering international-mindedness and mutual respect and understanding.
