---

Al Muna is a happy, successful primary school, teaching the English National Curriculum in the heart of Abu Dhabi.

We strive to:

- Supply outstanding facilities and resources
- Teach a rich and varied curriculum
- Enable all pupils to make as much progress as possible
- Work closely with families
- Promote inclusion and equality
- Develop motivated, ambitious and confident lifelong learners
- Provide professional, high quality, and caring staff
- Encourage children to work within our values-4C (co-operation, common sense, consideration and courtesy)

Our facilities include well-resourced classrooms, indoor and outdoor sports facilities, an excellent library and a swimming pool.

Al Muna is a happy and safe place for all our pupils. We work hard to engage families in their children's learning; therefore you will find our staff approachable and ready to listen to any issue surrounding your child's progress. At Al Muna we encourage and nurture the child, so music, art, drama, sports and outdoor activities will feature fully in your child's education.
